PSYCHIATRY INITIAL EVALUATION

Name: M.H.
DOB: xxxx/2004 Age: 12 y.o.
Sex: female
CSN: 118365862 MRN: 1150341
Date of Admission: 1/29/2017

Identifying Information: Patient is a 12 y.o. white female, living with grand mo, sister 7 yo, school: 7th grade

Chief Complaint/ Reason for admission: Depression, cutting self.

History of Present Illness:

Ms. M.H. states her mom saw her arm and took her to ER she has cuts done with Eraser, 4 days, done x3. She started when she moved to grand mo, was in December/2016. Mom was schooling and then wanted her to be in public school. SI on and off, not killing self, because the move, she misses her mom. She has problems sleeping, denies mood swings, no AH, no nightmares, no intrusive thoughts.

Saddest: 3 yrs ago when to Foster care because Bio father molested 18 yo half sister. He went to jail x2. She is angry at him.

Maddest: father

Wishes: 1- be home, 2- all the court to stop, 3- dad in jail
